Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 23 June 2009 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 135-137 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 135 recites a composition further including "one or more dyes selected from the group consisting of." However, claim 69 from which claim 135 depends uses the closed language "consisting essentially of." Thus, the composition cannot include further adjuvants which would materially affect the basic and novel characteristics of the claimed invention. Similarly claims 136 and 137, both of which are ultimately dependent upon claim 69, recite the further inclusion of one or more basic reagents.

Double Patenting

4. Claim 98 is objected to under 37 CFR 1.75 as being a substantial duplicate of claim 97. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Response to Arguments

5. Applicant's arguments, see pages 10-32, filed 23 June 2009, with respect to the claims have been fully considered and are persuasive. The rejections of the claims have been withdrawn.

Allowable Subject Matter

6. Claims 69, 91-93, 95, 97, 115-117, and 119-126 are allowed.
